

IT'S MORE THAN STORAGE.

**IT'S AN OUTDOOR BUILDING
SOLUTION!**
Built With Innovative LP® Materials!

**OUTDOOR BUILDING
SOLUTIONS™**

SIMPLY A **BETTER STORAGE SOLUTION**

LP has created engineered wood products specifically made for outdoor building structures. LP Outdoor Building Solutions offer products that feature hardworking innovations to help keep your outdoor building cooler in the summer heat, resist fungal decay and termites, and stand up to harsh weather.

Beautiful and exceptionally durable, LP products make your outdoor structures a cut above the rest.

LP Innovations:

- **TREATED WOOD TECHNOLOGY FOR EXCEPTIONAL DURABILITY**
- **BACKED BY SOME OF THE BEST WARRANTIES IN THE INDUSTRY**
- **SAFE FOR CHILDREN AND PETS**
- **RICH CEDAR GRAIN TEXTURE ON THE OUTSIDE FOR EXCEPTIONAL BEAUTY**
- **PREMIUM FINISHES ON THE INSIDE FOR A PROFESSIONAL-GRADE APPEARANCE**

Fight Back Against Termites And Rot

All LP SmartSide and ProStruct® Floor products are treated with our proprietary SmartGuard® process to resist fungal decay and termites in harsh environments. To prove it, LP SmartSide products are subjected to intense testing against moisture and thriving termite colonies in the jungles of Hilo, Hawaii. Even after years of exposure, LP SmartSide products remain structurally sound.

The SmartGuard process treats each wood strand throughout SmartSide and ProStruct Floor products with an advanced formula of binders, waxes and zinc borate to resist fungal decay and termites.

LP® PROSTRUCT® FLOOR WITH SMARTFINISH™*

Putting Our Best Foot Forward

LP ProStruct Floor with SmartFinish elevates the overall quality of outdoor buildings with a tough overlay that also offers a professional-grade appearance. With no knots or voids, it's a welcome change to traditional plywood flooring. Unlike plywood floors, LP ProStruct Floors with SmartFinish incorporate our Treated Wood Strand Technology with SmartGuard® process to resist fungal decay and termite damage.

LP ProStruct Floor With SmartFinish Technology

- *UNIFORM, PROFESSIONAL-GRADE FINISH FOR QUALITY YOU CAN SEE INSIDE*
- *BUILT FOR TOUGH PROTECTION AGAINST FOOT TRAFFIC*
- *TREATED WOOD STRAND TECHNOLOGY FOR EXCEPTIONAL DURABILITY*
- *SMARTGUARD TO RESIST FUNGAL DECAY AND TERMITE DAMAGE*

LP ProStruct Floor With SmartFinish Limited Warranty

- *5-YEAR LIMITED WARRANTY***

*For non-residential use only

**See www.lpcorp.com for complete warranty details.

BUILT PROUDLY WITH LP®

LP has pioneered innovative building materials for more than 35 years! Our complete line of products for outdoor building structures offers you outstanding durability and beauty.

With LP innovations like Treated Wood Technology with our SmartGuard® process to resist fungal decay and termites, SilverTech™ to reduce the sun's radiant energy and SmartFinish™ flooring and panels for a professional-grade appearance, you can have confidence that your structure will perform beautifully for many years to come.

Quality You Can See, Inside And Out®!

Ask us about premium outdoor structures built with LP products!

GOOD FOR CUSTOMERS.
GOOD FOR THE PLANET.

LP believes in protecting the environment and embracing the challenges to build economic prosperity today and for future generations. That's why we're very

active in forestry management, investing in reforestation and monitoring the lands and operations that produce our wood supply in order to maintain wildlife habitat and water and soil quality.

SUSTAINABLE
FORESTRY
INITIATIVE
SFI-00003

LP uses SFI certified forest management and fiber sourcing system to help ensure that our wood comes from well-managed forests. Our wood procurement process targets small, fast growing trees that can be replenished more quickly than older, larger trees. We invite you to learn more about LP's comprehensive environmental programs by visiting LPCorp.com.
