Louisiana-Pacific Corporation
414 Union St. Suite 2000
Nashville, TN 37219

Corporate description

Louisiana-Pacific Corporation is a leading building products solutions company that invents, manufactures and delivers uniquely engineered, innovative building products that are backed by unparalleled service, strong customer support and industry leading warranties.

A brief history

LP was incorporated on January 5, 1973. Building on a strong presence in lumber and plywood, LP pioneered the U.S. production of oriented strand board (OSB) panels.

LP continues that pioneering spirit today, delivering high performance and value with industry-leading engineered wood building solutions.

Ticker Symbol: LPX

2017 net sales: \$2.7 billion

Operations

LP operates 24 mills (15 in the United States, 6 in Canada, 2 in Chile and 1 in Brazil) and employs about 4,800 people.

Our vision

LP will be a respected, profitable and growing building products solutions company that is the supplier of choice because of our quality products and reliable services and the employer of choice because we are a safe, ethical, fun, challenging and rewarding place to work.

Major markets served

LP helps builders, contractors, architects, engineers, remodelers and home owners build smarter, better, faster and more efficiently.

Products

LP offers a full line of high-performance engineered wood products, such as **LP SmartSide®** Trim & Siding, **LP TechShield®** Radiant Barrier, **LP Legacy®** Premium Sub-flooring, **LP FlameBlock®** Fire-Rated Sheathing and **LP FlameBlock®** Fire-Rated I-joists.

Our **SmartGuard®** manufacturing process actually improves upon nature, creating products that are engineered for strength, performance and protection against fungal decay and termites. LP OSB is among the world's most popular sheathing products, offered in a variety of panel sizes and performance categories.

Other popular LP products include **LP TopNotch®** Sub-flooring, **LP SolidStart®** I-joists, Laminated Veneer Lumber (LVL), Rim Board, and Laminated Strand Lumber (LSL), as well as the **LP Outdoor Building Solutions®** line of products.

Sustainability

LP uses forest management and timber procurement systems that are SFI® certified, which helps to ensure its wood comes from well-managed forests. LP products are recognized in green building certification programs across North America.

Giving back

LP is dedicated to investing in communities where our employees live and work. The company provides funding, products and volunteers to support public schools and nonprofit organizations. Contributions are focused in four areas: shelter, education, social services and the environment.
