Louisiana-Pacific Corporation
414 Union St. Suite 2000
Nashville, TN 37219

Corporate description

Louisiana-Pacific Corporation is a leading building products solutions company that invents, manufactures and delivers uniquely engineered, innovative building products that are backed by unparalleled service, strong customer support and industry leading warranties.

A brief history

LP was incorporated on January 5, 1973. Building on a strong presence in lumber and plywood, LP pioneered the U.S. production of oriented strand board (OSB) panels.

Today, LP is one of the world's largest producers of OSB, and manufactures engineered wood products, siding and other specialty building products.

Ticker Symbol: LPX

2016 net sales: \$2.2 billion

Operations

LP operates 24 mills (15 in the United States, 6 in Canada, 2 in Chile and 1 in Brazil) and employs about 4,800 people.

Our vision

LP will be a respected, profitable and growing building products solutions company that is the supplier of choice because of our quality products and reliable services and the employer of choice because we are a safe, ethical, fun, challenging and rewarding place to work.

Major markets served

LP helps builders, contractors, architects, engineers and home owners build smarter, better, faster and more efficiently.

Products

OSB - LP OSB is among the world's most popular OSB sheathing products, offered in a variety of panel sizes and performance categories. LP also offers a full line of value-added products, such as LP TechShield® Radiant Barrier, LP TopNotch® Sub-flooring, LP Legacy® Super Tough, Moisture-Resistant Sub-flooring and LP FlameBlock® Fire-Rated Sheathing.

Engineered Wood - LP's Engineered Wood Products include LP SolidStart® I-joists, I-joists, Laminated Veneer Lumber (LVL), Rim Board, and Laminated Strand Lumber (LSL).

Siding - LP SmartSide® trim and siding products deliver all the warmth and beauty of traditional wood, plus the durability and workability of engineered wood. Our SmartGuard® manufacturing process actually improves upon nature, creating products that are engineered for strength, performance and protection against fungal decay and termites.

Sustainability

LP uses forest management and timber procurement systems that are SFI® certified, which helps to ensure its wood comes from well-managed forests. LP products are recognized in green building certification programs across North America.

Giving back

LP is dedicated to investing in communities where our employees live and work. The company provides funding, products and volunteers to support public schools and nonprofit organizations. Contributions are focused in four areas: shelter, education, social services and the environment.

Durable. Dependable. Driven.™
