Operations

LP operates 25 mills (16 in the United States, 5 in Canada, 3 in Chile, 1 in Brazil) and employs about 4,800 people.

About LP

As a proven leader in high performance building solutions, LP Building Solutions manufactures uniquely engineered, innovative building products that meet the demands and needs of the building industry. Its extensive product portfolio includes durable and dependable exterior siding and trim systems, engineered wood framing and structural panels for single-family homes, multifamily projects, repair & remodel markets, light commercial facilities and outdoor buildings. LP also provides industry leading service and warranties to help customers build smarter, better and faster. Founded in 1973, LP is a global company headquartered in Nashville, Tennessee, and traded on the New York Stock exchange under LPX.

2019 Net Sales

\$2.3 billion

Vision

LP will be a respected, profitable and growing building products solutions company that is the supplier of choice because of our quality products and reliable services and the employer of choice because we are a safe, ethical, fun, challenging and rewarding place of work.

Major Markets Served

LP helps builders, contractors, architects, engineers, remodelers and home owners build smarter, better, faster and more effectively.

Products

With our uniquely engineered high-performance products—LP® SmartSide Trim & Siding, LP® FlameBlock® Fire-Rated OSB Sheathing, LP® TechShield® Radiant Barrier Sheathing and LP Legacy® Sub-Flooring—you'll find we're outpacing the industry when it comes to providing durable, dependable building solutions. Our products are innovatively designed to withstand the toughest conditions, to meet and exceed codes, and to be easily installed by you.

At LP, there is more to us than the products we make. We are the proven leaders in engineered wood technologies, with industry-leading warranties and employees dedicated to serving our customers.

Sustainability

LP uses forest management and timber procurement systems that are SFI® certified, which helps to ensure its wood comes from well-managed forests. LP products are recognized in green building certification programs across North America.

Giving Back

LP is dedicated to investing in communities where our employees live and work. The company provides funding, products and volunteers to support public schools and nonprofit organizations. Contributions are focused in four areas: shelter/housing, environment, education and social services.
