## Corporate description

LP is a leading manufacturer of quality engineered wood building materials including OSB, structural framing products, and exterior siding for use in residential, industrial and light commercial construction.

## A brief history

LP was incorporated on January 5, 1973. Building on a strong presence in lumber and plywood, LP pioneered the U.S. production of oriented strand board (OSB) panels.

Today, LP is one of the world's largest producers of OSB, and manufactures engineered wood products, siding and other specialty building products.

Ticker Symbol: LPX

2015 net sales: \$1.9 billion

## Operations

LP operates 24 mills (14 in the United States, 7 in Canada, 2 in Chile and 1 in Brazil) and employs about 4,800 people.

## Our vision

LP will be a respected, profitable and growing manufacturer of building products.

LP will be the supplier of choice because of our quality products and reliable services.

LP will be the employer of choice because we are a safe, ethical, fun, challenging and rewarding place to work.

## Major markets served

- Wholesale distribution
- Building materials dealers
- Retail home centers
- Manufactured housing producers

## Products

**OSB** - LP OSB is among the world's most popular OSB sheathing products, offered in a variety of panel sizes and performance categories. LP also offers a full line of value-added products, such as LP TechShield® Radiant Barrier, LP TopNotch® Sub-flooring and LP FlameBlock® Fire-Rated Sheathing.

**Engineered Wood** - LP's Engineered Wood Products include LP SolidStart® I-joists, I-joists, Laminated Veneer Lumber (LVL), Rim Board, and Laminated Strand Lumber (LSL).

**Siding** - LP SmartSide® products deliver all the warmth and beauty of traditional wood, plus the durability and workability of engineered wood. Our SmartGuard® manufacturing process actually improves upon nature, creating products that are engineered for strength, performance and protection against fungal decay and termites.

## Sustainability

LP uses forest management and timber procurement systems that are SFI® certified, which helps to ensure its wood comes from well-managed forests. LP products are recognized in green building certification programs across North America.

## Giving back

LP is dedicated to investing in communities where our employees live and work. The company provides funding, products and volunteers to support public schools and nonprofit organizations. Contributions are focused in four areas: shelter, education, social services and the environment.
