

LP READYPEAK™ ADVANCED ROOFING SOLUTION

One Step To Ultimate Protection

Building a roof that takes on the weather has never been easier than with LP ReadyPeak™ roofing planks. As the only roofing product that goes directly on the roof truss in a single step without additional materials, we make installing a roof for your shed simple.

THE LP READYPEAK ROOFING ADVANTAGE

- One-step roofing plank
- Efficient and easy installation that eliminates the need for roof sheathing, WRB and shingles/metal
- Proprietary treated engineered wood substrate for protection against moisture, termites and fungal decay
- Features industry-leading commercial grade silicone
- Resists swelling and is dimensionally stable
- Ready to transport immediately after install
- Greater slip resistance when compared to metal when wet
- Integrated drip edge for water deflection
- Resists damage from freeze/thaw cycles and impacts from golf ball-sized hail
- Covered by a 25/10-year limited warranty*

*25-year limited warranty for structural and coating; 10-year limited warranty for color fade, wind damage and hail impact damage

PRODUCT DETAILS

- Available in three colors: Rugged Rust, Thundercloud, Cavestone
