

# LP READYPEAK® ADVANCED ROOFING SOLUTION FREQUENTLY ASKED QUESTIONS

## 1. What is LP ReadyPeak® Advanced Roofing Solution?

LP ReadyPeak® Advanced Roofing Solution is a one-step roofing plank that provides efficient installation, eliminating the need for roof sheathing, WRB and shingles/metal. It is made of a proprietary treated engineered wood substrate for protection against moisture, termites and fungal decay. It resists damage from freeze/thaw cycles and impacts from golf ball-sized hail, is tested in 110 mph winds and rain weather conditions, and features industry-leading commercial grade silicone.

## 2. When will this product be available?

The LP ReadyPeak product is currently in a Beta Test and only available in limited distribution at shed distributors in the Midwest. Regional expansion is expected in 2023.

## 3. What colors are available?

LP ReadyPeak roofing planks are available in three colors: Rugged Rust, Thundercloud and Cavestone. With these options, you can customize your shed to align with your style.

## 4. What sizes are available?

The LP ReadyPeak product is currently only available in 12' lengths. Each plank is 1' wide.

## 5. Does this product come with a warranty?

LP ReadyPeak Advanced Roofing Solution is backed by a 10/25-year limited warranty. More information is available at [LPCorp.com](http://LPCorp.com).

## 6. How are LP ReadyPeak planks installed?

LP ReadyPeak planks are installed directly to the trusses with standard gasketed screws. No special tools are required. Installation instructions are available at [LPCorp.com](http://LPCorp.com).
