

## LP® TECHSHIELD® RADIANT BARRIER

## America's Original and #1 Brand of Radiant Barrier Sheathing

Installed in more than 2 million homes to date, LP<sup>®</sup> TechShield<sup>®</sup> Radiant Barrier is the industry's best-selling brand of radiant barrier sheathing. With a track record of proven success, LP TechShield sheathing can be a cost-effective way to boost a home's energy efficiency and improve HERS scores.

Only LP TechShield sheathing features a durable layer of aluminum with VaporVents<sup>™</sup> technology. Post-lamination incising prevents moisture build-up during and after construction, while the OSB substrate promotes breathability and does not create a vapor barrier.

## **ADVANTAGES**

- Reduces attic temperatures by up to 30° F
- Installs like conventional roof sheathing, requiring no additional labor
- 20-year limited warranty
- VaporVents technology with post-lamination incising allows panel to dry more quickly than other radiant barrier sheathing
- Can result in an overall lower HERS score
- Manufactured by LP, one of the largest OSB producers, so it is available when and where you need it

## See full warranty details at LPCorp.com/warranties or call 1-888-820-0325.
