

LSL CONCRETE FORM BOARD

LP® SolidStart® LSL Concrete Form Board is another smart, engineered alternative to dimensional lumber. If consistency, reliability and installation speed matter, we have the right products for your job. LP SolidStart LSL Form Board resists cupping and warping so whether it's used for slabs, sidewalks, tilt-up walls or curbs, you'll have more even and consistent surfaces to work from and a better finished product.

ENGINEERED FOR RELIABILITY

- Consistent, accurate sizes
- Strong, straight and durable
- Resists warping, cupping and shrinkage
- Multiple reuses
