

PROTECT YOUR HOME WITH LP® STRUCTURAL SOLUTIONS

Even though the bones of your home aren't visible every day, establishing a structure that will hold up to your specific conditions is important. With proven solutions for wall and roof sheathing and sub-flooring, the LP® Structural Solutions portfolio can help you design and build a structure for safety, security and efficiency.

- May improve your home's ability to withstand the forces of nature
- May reduce overall build time to allow you to move in sooner
- Can contribute to lowered energy bills for more financial flexibility
- Helps protect the environment by using sustainable building products
- Backed by some of the best warranties in the industry

PROVEN STRUCTURAL RESILIENCY FOR PROTECTING WHAT'S MOST IMPORTANT

The LP® Structural Solutions portfolio helps you build a strong home. From energy savings to material and labor savings, LP Structural Solutions products can help you save and may reduce overall build time. In addition, LP's dedication to sustainable resources and industry-leading warranties mean that building with us is about more than sub-flooring and sheathing. It's about Building a Better World™, starting with your home.

LP® TECHSHIELD® RADIANT BARRIER SHEATHING

- Designed to reduce attic temperatures by up to 30° F
- May contribute to energy savings and lower bills

LP® FLAMEBLOCK® FIRE-RATED SHEATHING

- Designed to slow the spread of flames
- Provides structural strength and added peace of mind

LP WEATHERLOGIC® AIR & WATER BARRIER

- Creates a barrier against moisture intrusion and air movement
- May contribute to labor and energy savings

LP LEGACY® PREMIUM SUB-FLOORING & LP® TOPNOTCH® 350 SUB-FLOORING

- Two strong and stiff options for sub-flooring
- Provides a solid foundation for high-end floor coverings like hardwood and tile
