

# SOLIDSTART®

ENGINEERED WOOD LSL

## Tall Wall Framing

- Ideal for great rooms and foyers
- Long lengths allow for balloon framing of tall walls, making framing faster and easier than platform framing
- Makes straighter walls because it is consistent and dimensionally stable

- Recommended Grades: 1.35E and 1.55E
- Recommended Widths: 3-1/2" , 5-1/2" , 7-1/4"
- Recommended Thickness: 1-1/2"
- Recommended Lengths: 10' to 24', 48'
